

NEWSLETTER MAY 2005

NEWSLETTER OF WHEELING HISTORICAL SOCIETY

Message From The President

Dear Members and Friends:

May is upon us and very shortly we will be having our Installation Dinner. This year it will be held at the Schwaben Center again. The food is served family style and everybody that attended last year had a great time. There will be prizes and of course the good company of fellow members and friends. I hope that those that missed it before, will be able to attend this year.

You may be aware this past year we have had quite a few members become sick and are unable to do some of the things they did in the past. If you are able to volunteer no matter how small the amount of hours, please give me or Linda a call. On this note if you are aware of how we can attract new members, I am always willing to listen. We need to come up with a campaign to attract new members.

A few dates to remember are the Installation Dinner on May 25th, the 4th of July food booth that we will be selling watermelon at on Sunday the 3rd and Monday the 4th. The other big date will be July 24th at which time will be holding our "Old Fashion Summer Picnic" and also celebrating the 40th Anniversary of the Wheeling Historical Society. We would like all who can, join us in this celebration.

Please feel free to call me with any suggestions you may have. My home phone number is 847-541-8692 or if you have e-mail, you can e-mail me at EINBILL@aol.com.

Looking forward to seeing you at the dinner.

Elaine Simpson, President

To all our friends and members who have been under the weather or in the hospital; we want you to know, we are always thinking of you.

At the meeting of April 27, we were happy to see Clare Rudolph in attendance. She looks great after her knee surgery and says she is feeling fine.

Shirley McConnell is still recovering with a broken arm. We sure hope to see her soon. Get well Shir!

We are happy to hear that Barb LaHay's sister is doing better and is home. Barb is also down with a bad cold. Hope your better soon. P.S. We miss you at the museum.

If anyone knows someone ill, please tell us and let them know we are thinking of them.

Did You Know?

The upper and lower case letters are named "upper" and "lower" because in the time when all original print had to be set in individual letters, the "upper case" letters were stored in the case on top of the case that stored the smaller, "lower case" letters.

Leonardo De Vinci could write with one hand and draw with the other at the same time (...and multi-tasking was invented).

Because metal waws scarce, the Oscars given out During World War II were made of wood.

There are no clocks in Las Vegas gambling casinos.

The name Wendy was made up for the book Peter Pan: there was never a recorded Wendy before!

There are no words in the dictionary that rhyme with: Orange, purple, and silver!

Leonardo De Vinci invented scissors. Also, it took him ten years to paint Mona Lisa's lips.

WHY !!!

On a Japanese food processor, "Not to be used for the other use."

On Sunsbury's peanuts: "Warning: contains nuts."

On an American Airlines packet of nuts: "Instructions: Open packet, eat nuts."

On a child's superman costume: "Wearing of this garment does not enable you to fly."

On a Swedish chainsaw: "Do not attempt to stop chain with your hands or genitals."

Full Moon Names and Their Meanings

Full Moon names date back to Native Americans, of What is now the northern and eastern United States. The tribes kept track of the seasons by giving Distinctive names to each recurring full Moon. Their Names were applied to the entire month in which each Occurred. There was some variation in the Moon names. but in general, the same ones were current throughout the Algonquin tribes from New England to Lake Superior. European settlers followed that custom and created some of their own names. Since the lunar month is only 29 days long on the average, the full Moon dates shift from year to year. Here is the Farmers Almanac full Moon name for the month of

- **Full Flower Moon - May** In most areas, flowers are abundant everywhere during this time. Thus, the name of this Moon. Other names include the Full Corn Planting Moon, or the Milk Moon.

The earth looks scrubbed, with every
blade of grass
Immaculately green; gay shining leaves
Twinkle on still damp trees; lakes are
like glass,
Polished until they glow! Along
the eaves,
Birds preen their laundered
feathers carefully;
Below, nectared flowers tempt a
wandering bee.
Everything sparkles! Clouds like
carded wool
Drift in a newly-painted summer sky.
Nature, the housewife, murmurs,
"Beautiful!"
And hangs a tinted rainbow up to dry,
Refusing to consider dust or care
In this soft hour of sun
and fragrant air!

**WHEELING'S "VALLEY trail" Seen Many
Changes Now Milwaukee Ave. Once Bison Route**
By Barb McIntyre

Taken from the Journal & Topics Progress Edition
April 25-26, 1984

Following the repeal of Prohibition and after World War II, Milwaukee Avenue shed its honky-tonk image and settled down to offering a variety of good restaurants which still attract patrons from all over. Banchet's famous Le Francais is on the site once occupied by Borchardt's Tavern at 269 S Milwaukee and attracts patrons who arrive, in some instances, from either coast by plane at Palwaukee Airport. Jamies at 604 N. Milwaukee was Fulton Fish Market in 1976 and the Fireplace in 1973. Hans Bavarian Lodge owned by Hans Ammeloux in 1967, has an earlier life as Ernie's Bavarian Lodge and, still earlier, as Hessing's. It has been in the Berghoff family since 1978 and is noted for its Octoberfests.

Toppers, at 933 N. Milwaukee, was formerly known as Edie's 19th Hole. What had been Tony Blum's restaurant at 920 N. Milwaukee opened as Ricketts in 1960. The 94th Aero Squadron is a theme restaurant on the edge of Palwaukee Airport that opened in 1978.

Two Doves Greek restaurant is in a space formerly occupied by Welfin's Variety Store. The Wheel Inn at 39 S. Milwaukee burned in 1972, and the Wheeling Trust and Savings Bank replaces the Wheeling Inn, at one time known as "Red Mary's" C.F. Metz's Columbian Tavern site, also that of a bowling alley owned by Arthur Miller in 1952, now is in a state of transition from Lum's to My Pi, Mors Place, a hotel and rathskellar, was demolished in early 1900s when Frank Forke bought 4 1/2 acres on the east side of Milwaukee, south of Dundee, to build a home, funeral home and automobile garage.

As for the Filkins tavern-hotel, it lasted longer than Joseph Filkins who died in 1857 after a five year career as a hardware dealer in Chicago. His old hotel on the northwest corner of Milwaukee and Dundee was torn down in 1918.

The end

NOTE: Since this article appeared in 1984, Hans Bavarian Lodge and Toppers has been torn down. Le Francais, 94th Aero Squadron and Two Doves And Hackney's still remain. Other businesses have changed names many times over
