"A History of Farming on the Horcher Farm"
Mike Horcher

The Horcher farm is the last farm in Wheeling. Joseph Horcher came to this area in the 1840's and settled on 160 acres of land on McHenry Road across from what is now Sam's Club. He started farming and had a blacksmith shop to keep his farm equipment in order and to also do repairs for neighbors. Six generations later, descendent Mike Horcher runs a number of businesses from the farm.

Come and meet Mike as he discusses the history of his family's farm and talks about the collection of farm equipment in the Carriage House on the Museum property.

*Rain location: Chamber Park Church
Refreshments will be served following the program*

Chamber Park Church Building
251 North Wolf Road
