VILLAGE OF WHEELING WHEELING, ILLINOIS

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Village of Wheeling
Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
December 31, 2005

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

PLANNING CREST

255 West Dundee Road • Wheeling, Illinois 60090
Phone: (847) 459-2600 • Fax: (847) 459-9692

June 30, 2007

To the Honorable Village President, Village Clerk, Trustees, and Residents of the Village of Wheeling:

State law requires that every general-purpose local government publish within six months of the close of each fiscal year a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended December 31, 2006.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Sikich LLP, has issued an unqualified (“clean”) opinion on the Village of Wheeling’s financial statements for the year ended on December 31, 2006. The independent auditor’s report is located at the front of the financial section of this report.

Management’s discussion and analysis (MD&A) immediately follows the independent auditor’s report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the Village of Wheeling

The Village provides a full range of services. These services include:

- general administration
- finance administration and services
- emergency medical services

ALABAMA

- police protection
- firefighting and fire prevention services
- design, construction and maintenance of roads, streets and infrastructure
- garbage collection
- community and economic development and planning
- senior citizen services
- water distribution
- storm and sanitary sewer system maintenance and repair
- fleet services garage vehicle maintenance

The Village of Wheeling is located in the Chicago metropolitan area just 27 miles northwest of downtown Chicago. It currently occupies 8.6 square miles and serves a population of 38,555. Wheeling has easy access to both air and ground transportation providing several convenient ways to get anywhere in the Chicago metropolitan area or the world. Ground transportation can be accessed through the Tri-State Tollway (I-294), the METRA north central passenger line, or PACE, the suburban bus division of the Regional Transportation Authority. Interstate 294 runs along the eastern edge of the Village, connecting Wheeling with Chicago (22 miles) and Milwaukee (70 miles). Just two miles to the west is Route 53, a freeway that leads to I-290 and I-355, offering easy access to the South and West suburbs, Rockford and beyond. Air transportation is available through O'Hare International Airport, located just seven miles from Wheeling, and Chicago Executive Airport, situated partly in the Village of Wheeling and the City of Prospect Heights. Wheeling and Prospect Height's municipal airport is the third busiest in Illinois and is home to many corporate jets and private planes.

In addition to an excellent transportation network, Wheeling is an outstanding community in which to live and work. The Village has an ideal mix of residential and multi-family housing, excellent schools and park district facilities, and some of the Chicago area's best known restaurants. Milwaukee Avenue is the site of Wheeling's famous "Restaurant Row", home to restaurants featuring French, Italian, Japanese, Chinese and American cuisine. Six major hospitals are nearby, giving residents several options to meet their medical needs. Wheeling's schools have consistently exceeded the state averages for reading and math skills. In addition to its primary and secondary schools, Village residents can take advantage of graduate level courses in business and education taught at National Louis University's campus in Wheeling. William Rainey Harper College – a leading 2-year community college – also serves Wheeling, offering certificate and associate degree programs as well as college transfer programs.

All of these amenities make Wheeling an attractive community as evidenced by a high rate of growth in both residential and commercial development. In 2006, work

continued on a major residential development in the Village's Lake Cook/Milwaukee Road Tax Increment Financing (TIF) District: Prairie Park, a five building, 306 unit condominium development, features high end housing units (\$300,000 - \$400,000) that will serve as a nice addition to Wheeling's existing mix of moderate and lower income homes. In addition to residential development, Wheeling has experienced significant growth in the commercial sector as well.

In 2005, the Village entered into an agreement with Mid-America Development to build a \$125 million project including a hotel, restaurants and retail shops on a site located near the corner of Lake Cook Road and Milwaukee Avenue in Wheeling. The site previously housed horse riding stables, a vacant bread outlet store and a used car business. The development agreement called for the Village to provide \$23.0 million in TIF funds to help pay for some of the extraordinary costs of the project. By selling \$24.140 million in TIF Revenue (\$19.0 million) and General Obligation (\$5.14 million) bonds, the Village helped pay for land acquisition, environmental remediation and infrastructure costs related to the project. According to estimates provided by the Village's financial consultant, the project is expected to generate more than \$100 million over the next 22 years in property, sales, hotel/motel, food and beverage and telecommunications tax.

In October 2006, the Westin Chicago North Shore Hotel was completed and opened for business. The four star hotel is 15 stories high and includes 411 rooms, a 16,000 square foot banquet facility, 40,000 square foot convention center, and four restaurants including Osteria di Tramonto which serves Italian food, Gale's Coffee Bar, with breakfast and lunch items to go; Tramonto's Steak & Seafood, an upscale dinner-only restaurant and RT lounge, featuring sushi, oysters, shrimp and similar items. The restaurants and coffee bar are led by two of Chicago's most celebrated chefs - culinary partners Rick Tramonto and Gale Gand, who are well known for their work at the acclaimed restaurant Tru located in the City of Chicago.

The site also includes additional restaurants and retail stores located on the hotel's out-lots. By the end of 2006, work was nearly complete on another restaurant called Claim Jumper, which features an 1849 Gold Rush atmosphere and was named by Consumer Reports as one of the top chain restaurants in the country.

In addition to the Prairie Park and Westin developments, work was nearly completed in 2006 on a development near the corner of Weiland and Lake Cook Roads. The project includes a Staples office supply store, a Fifth Third Bank branch and several stores and restaurants including TGI Friday's, Chipotle Mexican Grill, Potbelly Sandwich Works and Verizon Wireless cellular phone sales. The project is being built by the same developer responsible for the Westin hotel development.

The Village of Wheeling, incorporated in 1894, is empowered to levy a property tax on both real and personal property located within its boundaries. It is also empowered by state statute to extend its corporate limits by annexation, which it

has done from time to time. The Village became a home rule unit by referendum on April 19, 1977, which gives it additional powers to tax and regulate not specifically granted by the Illinois constitution. Wheeling operates under the council-manager form of government. Policy-making and legislative authority are vested in a governing board (Board) consisting of the president, village clerk and six trustees all elected on a non-partisan basis. The Board appoints the government's manager, who it then appoints the heads of the various departments. Board members serve four-year terms, with three trustees elected every two years. All members of the Board are elected at large.

Financial Planning & Control:

The Village Board is required to adopt a final budget by no later than the close of the fiscal year. This annual budget serves as the foundation for financial planning and control. The budget is prepared by fund, function (e.g., public safety), and department (e.g., police). The village manager may transfer resources between departments, programs or line items without Board approval. Transfers that increase or decrease the total fund budget require special approval from the Village Board.

Activities of the General Fund, Special Revenue Funds, Debt Service Funds, certain Capital Project Funds, Enterprise Funds, Internal Service Funds, and Pension Funds are included in the annual operational budget. Project length financial plans are prepared and are published in a separate Capital Improvement Plan (CIP). The Village also maintains an encumbrance accounting system as one technique of accomplishing budgetary control. Encumbrances lapse at year end; however, encumbrances are generally re-appropriated as part of the following year's budget.

As demonstrated by the statements and schedules included in the financial section of this report, the Village continues to meet its responsibility for sound financial management.

Local Economy

Wheeling's reputation as a dynamic business and industrial center continues to grow. It is home to over 900 business, commercial and retail establishments, making it one of the largest business-industrial centers in Chicago's northwest suburbs. It boasts nearly 13 million square feet of industrial space and several expansive industrial parks offering room for companies to grow. More than 20,000 jobs are generated by Wheeling-based businesses attesting to its economic strength. Of those jobs, 45% are in the manufacturing sector and 25% are in the wholesale and retail trades.

Wheeling's unemployment rate has remained relatively stable over the last 10 years. Between 1996 and 2005, the average unemployment rate was 4.01% with a

high of 5.8% and a low of 2.4%. No significant decline in jobs is anticipated in the near future due to the diversity of the economy.

In 2006, the Village added 1,000 jobs when the Westin Chicago North Shore hotel opened for business.

Long-Term Financial Planning

In 2006, revenues and other financing sources exceeded expenditures and other financing uses by \$2,031,462. The increase in fund balance was due primarily to significant increases in Sales and Use Tax revenue. The Village received approximately \$1.0 million in unanticipated Use Tax revenue during the year related to two large transactions that are not expected to reoccur. In addition, State Income Tax and Sales Tax increased much more than had been the trend for the last few years. Between calendar years 2002 and 2005, sales tax revenue actually declined by .06% each year on average; however, in 2006, sales tax (excluding the one-time Use Tax transactions mentioned previously) was up more than \$500,000 (10%) compared to 2005.

Similarly, Income Tax revenue increased over 18% (or \$472,780) compared to 2005. This was due in large part to a special census the Village conducted in 2005. As a result of the census, the Village's population increased from 34,496 to 38,555. Income Tax is remitted to municipalities based on population and the higher numbers were reflected in the remittances the Village received beginning in May 2006. If not for the change in population, Income Tax revenue would have increased 9.72% or \$250,188.

Finally, the Village received nearly \$400,000 in non-reoccurring permit revenue related to construction of the Westin hotel.

Expenditures in the General Fund were consistent with the budget and reflected an increase of 5.16% compared to 2005. Most of the increase is attributable to expenditures for salaries and benefits.

Fiscal Year 2006 represents the first time in three years the General Fund ended the year with a surplus. This trend is expected to continue in 2007 due to increases in revenue resulting from economic development activities and the Village's share of State revenue. As a result of the increase in fund balance, the General Fund ended the year with an undesignated and unreserved balance of \$15,452,128 representing 56% of FY 2006 annual operating expenditures, well above the Board's 25% fund balance policy.

The Village anticipates increases in sales and property tax revenue in future years as a result of the Board's strategic plan to redevelop blighted or flood prone properties. In the last few years, the Village has acquired several properties in the Village's four TIF Districts and sold them to developers. Some of these developments such

as the Westin Hotel are beginning to generate new sales and property tax revenue now, others like the Town Center will do so once they are completed.

In 2003, the Village Board approved the creation of a fourth TIF district called the Town Center TIF. The Town Center encompasses an area around the railroad tracks on Dundee Avenue near its intersection with Wheeling Road. The properties near the intersection of these two major arterials have suffered from chronic flooding in the past, but with the help of tax increment financing, are ideal for redevelopment. Working with METRA, the Village conducted a regional space planning study to redevelop the properties surrounding the train station. The goal is to entice developers to acquire property and build a mix of multi-family homes and retail development. METRA recently installed a second set of tracks which has increased the number of commuter trains going to and coming from Chicago and that will make the properties surrounding the station ideal for redevelopment. In 2006, several developers submitted proposals for developments in the Town Center TIF and the Village expects some of these projects to be approved in the near future.

Major Initiatives

The Village Manager's Office coordinated a July 4th event that drew over 20,000 attendees, one of the most successful events in recent history.

The Finance Department implemented a purchasing card program which is designed to streamline the procurement process and allow departments to acquire needed goods and services more efficiently.

The Finance Department hired a purchasing consultant to review the organization's spending pattern and recommend less costly vendors. The review process resulted in annual savings of over \$100,000.

The Community Development Department issued building permits for the construction of 5 single family homes, 1 multi-family building (59 units), 10 commercial buildings, 2 industrial buildings and 1 institutional building.

Preliminary plans for construction of a new Village Hall building were prepared and reviewed by the Village Board. The Finance Department presented a financial plan designed to fund the project as well as the construction of two new fire stations and expansion of the existing public works facility as well.

The Building Division of the Public Works Department responded to over 1,700 work order requests related to the maintenance and repair of Village buildings.

The Police Department completed a project to implement a Computer Aided Dispatch, Records Management System and Mobile integrated computer system.

The Fire Department responded to nearly 3,800 emergency calls for service, an increase of 0.3% over the previous year. Nearly 2,400 of these calls were for emergency medical service. There were 127 calls for fire related incidents and over 720 calls for false alarms.

The Engineering Department issued 256 permits, consisting of everything from driveways to the construction of the Westin Hotel property. Department personnel performed over 1,000 inspections during the year.

The Senior Services Department implemented over 12 new programs in the areas of recreation, education and social services.

In addition to these accomplishments, the Village Board committed over \$3.7 million to maintaining and improving Wheeling's excellent infrastructure. The following is a summary of major capital improvement projects and the funds expended on each:

Facility Improvements

❖ Design - New Village Hall Building	\$572,033
❖ Design - New Village Hall Campus Road	\$260,242

Streetscape Improvements

❖ Dundee Road Uniform Fence	\$436,149
❖ Entryway Signs	\$49,853
❖ Tree Planting	\$27,009
❖ Brick Paver Maintenance	\$86,684

Sidewalk Improvements

❖ 2006 Public Sidewalk Construction	\$146,942
❖ 2006 Sidewalk Repair & Replacement	\$151,980

Water & Sewer System Improvements

❖ 2006 Water Main Replacement Program	\$1,604,813
❖ Sanitary Sewer Improvements	\$183,287
❖ Cornell Avenue Dam Rehabilitation	\$175,708
❖ Wolf Road Sewer Replacement	\$71,091

Awards and Acknowledgements

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended

December 31, 2005. This was the twenty-sixth (26th) consecutive year the Village received this prestigious award. To be awarded a Certificate of Achievement, the Village published an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Village also received the GFOA's Award for Distinguished Budget Presentation for its annual operating budget dated January 1, 2006. This marked the twentieth (20th) consecutive year the Village has received this recognition. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document must be judged to be proficient in several categories including policy documentation, financial planning, communication and organization.

The preparation of the Comprehensive Annual Financial Report on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report. Particular recognition should be given to Ilana Bromber, Assistant Director of Finance for her hard work and dedication in completing this report. In addition, the Village wishes to recognize the staff of the firm of Sikich LLP, the Village auditors, and in particular Brian LeFevre, whose professionalism and cooperation are sincerely appreciated by the Village and in particular by the staff of the Finance Department. The tireless dedication of the staff of Sikich LLP, in cooperation with the Village staff, provided a cooperative working relationship for the Village of Wheeling.

In closing, we would like to thank the members of the Board of Trustees for their interest and support in planning and conducting the financial operations of the Village in a responsible and progressive manner. Without their leadership and ongoing support, preparation of this report would not have been possible.

Respectfully submitted,

J. Mark Rooney

INDEPENDENT AUDITOR'S REPORT

Honorable President and
Board of Trustees
Village of Wheeling, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village of Wheeling, Illinois as of and for the year ended December 31, 2006, which collectively comprise the Village's basic financial statements as listed in the table of contents. We also have audited the financial statements of each of the Village's nonmajor governmental, nonmajor enterprise, internal service, and fiduciary funds presented as supplementary information in the accompanying combining and individual fund financial statements as of and for the year ended December 31, 2006, as listed in the table of contents. These financial statements are the responsibility of the Village of Wheeling, Illinois' management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Village of Wheeling, Illinois as of December 31, 2006, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each nonmajor governmental, nonmajor enterprise, internal service, and fiduciary fund of the Village of Wheeling, Illinois as of December 31, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Management's Discussion and Analysis and the required supplementary information listed in the accompanying table of contents are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements taken as a whole and on the combining and individual fund financial statements that collectively comprise the Village of Wheeling, Illinois' basic financial statements. The financial information listed as schedules and supplemental data in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements of the Village of Wheeling, Illinois. Such information has been subjected to the auditing procedures applied in the audit of the basic, combining and individual fund financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic, combining and individual fund financial statements taken as a whole.

We did not audit the information contained in the introductory and statistical sections. Accordingly, we do not express an opinion thereon.

Schuch LLP

THE GREAT

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

Our discussion and analysis of the Village of Wheeling (the Village) financial performance provides an overview and analysis of the Village's financial activities for the year ended December 31, 2006. Please read it in conjunction with the letter of transmittal on page iv, and the Village's financial statements, which begin on page 3 of this report.

FINANCIAL HIGHLIGHTS

- The Village's net assets increased by \$7.02 million to \$144.05 million as a result of this year's operations.
- The governmental activities net assets increased by \$2.45 million primarily due to additional property, sales and income tax revenue.
- The business-type activities net assets increased by \$4.57 million. This increase is due to water and sewer sales revenue and net income from joint venture – in the Chicago Executive Airport.
- As of the close of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$40,237,414.
- At the end of the current fiscal year, the Village's General Fund reported an increase in revenues and other financing sources over expenditures and other financial uses of \$2,031,462. Unreserved, undesignated fund balance in the General Fund totaled \$15,452,128 on December 31, 2006, representing 60% of the total General Fund expenditures.
- There was no new debt issued this year. The Villages total outstanding debt from the general governmental activities was \$18,415,475 and \$2,830,000 from business-type activities. No payments were made on the \$19,000,000 tax increment revenue bonds.

USING THE FINANCIAL SECTION OF THIS COMPREHENSIVE ANNUAL REPORT

In the past, the primary focus of local government financial statements has been summarized by fund type information on a current financial resource basis. This approach has been modified and starting with the fiscal period ended December 31, 2003, the Village's financial statements present two kinds of statements, each with a different snapshot of the Village's finances. The new financial statement's focus is on both the Village as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government to government) and enhance the Village's accountability.

Government-wide Financial Statements

The government-wide financial statements (see pages 3-5) are designed to provide readers with a broad overview of the Village's finances, in a manner similar to a private-sector business.

The Statement of Net Assets (see page 3) presents information on all of the Village's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating. Consideration of other non-financial factors, such as changes in the Village's property tax base and the condition of the Village's roads, is needed to assess the overall health of the Village.

The Statement of Activities (see pages 4-5) presents information showing how the government's net assets changed during the most recent fiscal year and is focused on both the gross and net cost of various activities (including governmental and business-type), which are supported by the Village's general taxes and other resources. This is intended to summarize and simplify the user's analysis of the cost of various government services and/or subsidy to various business-type activities. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the Village include general government, public safety and highways and streets. The business-type activities of the Village include waterworks and sewerage system. The Village also reports its share of the Chicago Executive Airport as an enterprise fund.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds (see pages 6-9) are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on how money flows into and out of those funds, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains 11 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Crossroads Redevelopment Area and North Milwaukee/Lake Cook Redevelopment Area. All other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

Major Governmental Funds:

General
Crossroads Redevelopment Area
North Milwaukee/Lake Cook Redevelopment Area

Nonmajor Governmental Funds:

Motor Fuel Tax
Emergency Telephone System
Grant Fund
Debt Service
South Milwaukee Redevelopment Area
Town Center TIF Fund
Capital Equipment Replacement
Capital Projects

A budgetary comparison statement has been provided for the major funds to demonstrate compliance with this budget. The Village had several budget amendments for the fiscal period ended December 31, 2006 that are reflected in this report.

Proprietary Funds. The Village maintains two different types of proprietary funds.

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

Enterprise funds are used to report the same functions presented in business-type activities in the government-wide financial statements. The Village uses enterprise funds to account for its water and sewer operations services to the residents of the Village.

Internal service funds are an accounting device used to accumulate and allocate costs internally among the Village's various functions. The Village uses an internal service fund to account for accumulation of resources and costs associated with liability insurance program. The internal service fund serves governmental rather than business-type functions and have been included with governmental activities in the government-wide financial statements.

The basic proprietary fund financial statements can be found on pages 10-14 of this report.

Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The Village maintains two fiduciary funds: the Police Pension Fund and the Firefighters' Pension Fund.

The basic fiduciary fund financial statements can be found on pages 15-16 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 17-55 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information including the major governmental fund budgetary schedules and data concerning the Village's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found on pages 56-63 of this report.

The combining and individual fund statements and non-major governmental, enterprise, and internal service funds are presented on pages 64-112 of this report, immediately following the required supplementary information.

Infrastructure Assets

The Village's infrastructure, including roads, bridges, and storm sewers, is reported within the Governmental column of the Government-Wide Statements. The Village has chosen to depreciate assets over their estimated useful life. If a road project is considered a recurring cost that does not extend the road's original useful life or expand its capacity, the cost of the project will be expensed. An "overlay" of a road will be considered maintenance whereas a "rebuild" of a road will be capitalized.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The Statement of Net Assets compares government-wide information from fiscal year ended December 31, 2005 to the present fiscal year ended December 31, 2006. The Assets of the Village of Wheeling exceeded liabilities by \$144,051,883 as of December 31, 2006. The largest portion of the Village's net assets reflects its investment in capital assets (\$73,990,895 or 51%), including land, buildings, infrastructure, and equipment, less any related debt still outstanding which was used to acquire those assets. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Village's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

A portion of the Village's net assets (\$20,192,016 or 14%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$49,868,972 or 35%) may be used to meet the government's ongoing obligations to citizens and creditors.

Please refer to table below for a condensed Statement of Net Assets:

For more detailed information, see the Statement of Net Assets on page 3.

At the end of the current fiscal year, the Village was able to report positive balances in all three categories of net assets, both for the government as a whole, and for its separate governmental and business type activities. The same situation held true for the prior fiscal year.

The Village's combined net assets increased by \$7,017,546, net assets from governmental activities increased by \$2,448,531 and business-type activities increased by \$4, 569,015. Net assets of the Village's governmental funds were \$48,475,938. The Village's unrestricted net assets for governmental activities that are available for day-to-day financial operations had a negative balance of \$9,996,054 compared to a deficit of \$11,793,666 at the end of 2005. The deficit in unrestricted net assets is a result of the Village using tax increment financing (TIF) to induce redevelopment in the Village. As part of the inducement, the Village issued \$19,000,000 in Tax Increment Revenue Bonds. These bonds did not produce a capital asset that is owned by the Village. Although the Village is not obligated to retire the debt (as it is payable generally from the incremental taxes generated by the TIF), if the increment is not sufficient to pay the debt service on the bonds, then the bonds would be cancelled and the Village

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

would report a gain on the cancellation of said debt. Therefore, the deficit will be reduced and eliminated over the remaining life of the TIF.

The net assets of business-type activities were \$95,575,945. The business-type activities unrestricted net assets increased by \$2,229,719 during fiscal year 2006 primarily due to an increase in capital assets and investment in the joint venture.

The following table summarizes the changes in net assets as a result of changes in revenues and expenses.

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

Governmental Activities

Governmental activities resulted in the increase in net assets by \$2,448,531. Key elements contributing to this change are as follows:

2006 Governmental Activities Revenue by Source

For the fiscal year ended December 31, 2006, total revenue from governmental activities was \$40,643,900, an increase of \$6,624,313. The increase can mostly be attributed to higher than expected sales tax revenue, including use tax revenue of approximately \$1 million that is not expected to reoccur and an increase in the home rule sales tax rate from .75% to 1% effective January 1, 2006. State income tax revenue increased as result of the special census conducted in 2006 that increased the Village's population by 4,059. Additionally, increased revenue was generated from licenses, permits and various taxes related to the opening of the Westin Hotel in October of 2006. Property and replacement taxes continue to be the Village's largest revenue source at \$14,028,604 representing 34.5% of total governmental activity revenue. Other taxes, including sales, utility, telecommunications, food and beverage and hotel/motel tax, and shared state income tax revenues total \$18,791,397 representing 46.2% of the total governmental activity revenue.

The "blended" 2005 property Equalized Assessed Valuation (EAV) for Cook and Lake Counties increased by 5.57%.

Levy year	Property in Cook County	Property in Lake County	Total
2005	\$1,162,865,793	\$3,689,831	\$1,166,555,624
2004	\$1,098,070,514	\$3,570,575	\$1,101,641,089
Increase (decrease)	\$64,795,279	\$119,256	\$64,914,535
Percent of Increase (decrease)	5.57%	3.23%	5.56%

The Village's share of State of Illinois revenue continues to increase and was \$3,194,409 higher than in 2005. This increase is a result of the increase in home rule sales tax, demographic statistics resulting in increased population and general improvement of the state's economy. Gas and Electric Use Tax revenue, instituted by the Village in June of 2002 and reported in the capital projects fund, declined slightly from \$2,018,643 in 2005 to \$1,918,187 in 2006. Revenue from the 1% food and beverage tax implemented in October of 2005, increased from \$155,385 in 2005 to \$652,464 in 2006.

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

State-Shared Tax Revenue	Fiscal Year Ended 12/31/06	Fiscal Year Ended 12/31/05	Revenue Increase (Decrease)
Sales Tax	\$6,518,149	4,984,789	1,533,360
Home Rule Sales Tax	3,877,296	2,785,416	1,091,880
Income Tax	3,047,017	2,574,239	472,778
Use Tax	500,254	403,863	96,391
Total	\$13,942,716	\$10,748,307	\$3,194,409

2006 Governmental Activities Expenses by Function

For the fiscal year ended December 31, 2006, expenses from governmental activities totaled \$39,424,151, compared to \$57,676,618 in 2005. This difference in general government expenditures can be attributed to \$24,000,898 in financing cost to provide assistance to the developer of the Westin hotel paid in 2005. Public safety expenses related to the operations of the Police Department and Fire Department totaled \$17,411,511, an increase of 4.4% mainly due to cost of living and merit adjustments for the personnel services.

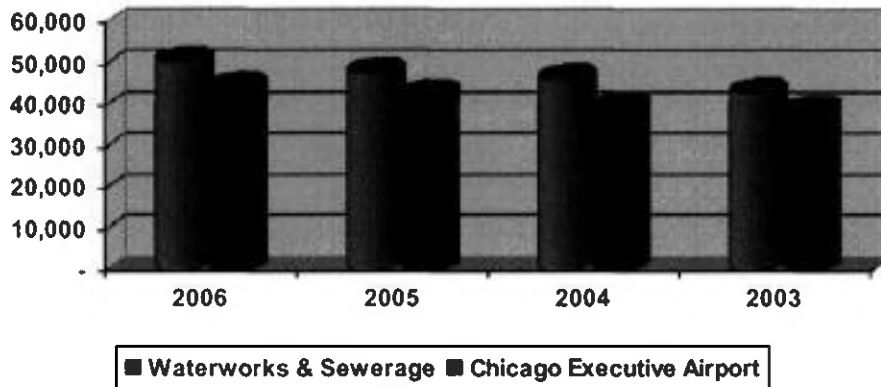

For the fiscal year ended December 31, 2006, the governmental funds reflect a combined fund balance of \$40,237,414, a 2.2% or \$887,683 decline from the prior year. This decrease is mostly due to the prior period adjustment (\$73,801) and loss on disposal of land purchased in tax increment financing areas and sold to developers at a loss (\$578,212).

Business-Type Activities

Net assets from business-type activities of the Village increased by \$4,569,015 or 5.2% to \$95,575,945; this number included \$44,787,802 in net assets of the Chicago Executive Airport presented as investment in joint ventures on the statement of net assets. Net Assets from the Village's waterworks and sewerage fund operations increased by \$2,735,766 or 5.4% to total net assets of \$50,788,143. A comparison of the Net Assets from the Proprietary funds operations are presented in the graph below.

VILLAGE OF WHEELING, ILLINOIS

**Management's Discussion and Analysis
December 31, 2006**

Revenue from water and sewer charges decreased by 2.6% to \$7,167,461 in 2006, compared to \$7,351,758 in 2005. A 6.4% water and sewer rate increase was effective on water billed mailed in March of 2006 and a 5.5% decrease in consumption, resulted in lower than expected water and sewer sales revenues. As a result of the new residential and commercial construction in the Village the connection fees and meter sales increased by 66.5% to \$578,579.

Fiscal Year	Consumption (mil gallons)	Increase (Decrease) in (mil gallons)
2001	1,433,556	
2002	1,436,042	2,486
2003	1,544,836	108,794
2004	1,606,215	61,379
2005	1,550,944	(55,271)
2006	1,469,609	(81,335)

Income from the Chicago Executive Airport is reported as non-operating revenue and in 2006 resulted in income from joint venture of \$1,833,249, compared to \$3,016,905 in 2005.

Operating expenses from waterworks and sewerage were \$4,874,979, an increase of \$115,919 from \$4,759,060 in 2005. Expenses from waterworks and sewerage capital operations were \$418,338 or \$75,494 less than in 2005. The net assets of the waterworks and sewerage fund increased by 5.4% or \$2,735,766 in 2006 primarily due to lower than budget spending on capital projects.

FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

Governmental Funds

The focus of the Village's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Village's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

As of the end of the current fiscal year, the governmental funds (as presented on page 8) reported a combined fund balance of \$40,237,414, or 2.2% decrease from the preceding year. Approximately 38.1% constitutes unreserved, undesignated fund balance, which is available for spending at the Village's discretion. The remainder of fund balance is reserved or designated, to indicate that it is not available for new spending because it has already been committed: 1) to liquidate contracts and purchase orders for the previous year, 2) to pay debt service, or 3) for a variety of other restricted purposes.

General Fund The General Fund is the Village's primary operating fund and the largest source of day-to-day service delivery. At December 31, 2006 total fund balance was \$16,222,231, of which \$15,452,128 was classified as unreserved. As a measure of the general fund's liquidity, it may be useful to compare both unreserved fund balance and total fund balance to total fund expenditures. Unreserved fund balance represents 60.4% of expenditures, while total fund balance represents 63.4% of expenditures. The Village's fund balance policy states that it will try to maintain fund balance equal to or greater than 25% of the current year's budgetary expenditures. For purposes of the fund balance policy, fund balance is defined as cash, investments and interfund receivables and advances. At December 31, 2006 the Village's fund balance, as defined in the fund balance policy, was 63.4% of budgeted expenditures for the 2006 fiscal year.

Tax revenue for the General Fund consists primarily of the property tax, sales and home rule tax and telecommunications tax. Property tax revenue of \$6,828,755 was slightly below the projections. Sales and home rule sales tax exceeded budgeted projections by 25.5%, due to unanticipated receipt of approximately one million dollars of use tax revenue and stronger than expected sales tax receipts, totaling \$10,395,445. Telecommunications tax revenue of \$1,912,732 was below the projections by 10.5%. Additional tax revenue of \$179,571 was generated by a TIF District surplus distribution and a new source of revenue that went into effect on October 1, 2005. Revenue of \$652,464 was generated from the food and beverage tax.

Revenue from licenses and permits exceeded budget projections by \$500,845, primarily due to building permit revenue related to the construction of the Westin Hotel in Wheeling. This revenue was not budgeted in FY 2006 because the Village expected to receive it in FY 2005. Income and state use tax revenue exceeded budget projections by \$343,125 or 10.7% resulting in a positive intergovernmental budget variance.

Revenue from the charges for services was \$2,140,875 or about 25.7% higher than the budget expectations primarily due to plan review charges related to the Westin Hotel. Fines and forfeits resulted in revenue of \$377,745, which was in line with budget projections.

Investment income was \$538,033 or \$118,033 in excess of the budget, due in large part to rising interest rates during the year.

Miscellaneous revenue sources totaled \$581,645, resulting in a negative budget variance of \$153,084. The largest revenue source in this category was cable TV franchise fees, amounting to \$318,049, which was 9.3% over the budget.

The fund balance in the General Fund was \$16,222,231, an increase of \$2,031,462 during the current fiscal year. Please refer to the following table that summarizes General Fund revenues and expenditures with a comparison to budget for the fiscal year ended December 31, 2006.

VILLAGE OF WHEELING, ILLINOIS

Proprietary Funds

The Village's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. The Village reports the water and sewerage and airport funds as major proprietary funds.

At December 31, 2006 the Proprietary Funds (as presented on pages 10-12) total net assets from business type activities increased by \$4,569,015 or 4.8%, while total net assets from the internal service funds increased by \$10,544.

Net assets of the water and sewer fund increased by \$2,735,766 or about 5.4%. This increase is primarily due to additions of capital assets through developer donations and capital improvement plan projects and revenue from water connection fees and higher than anticipated investment income.

The Village of Wheeling is a member of the Chicago Municipal Airport Commission, a proprietary joint venture, together with the City of Prospect Heights. Both municipalities maintain joint ownership and administration of the airport. Although assets are legally held in the name of both governments, all assets and revenues are restricted to the airport's needs. In 2006 the airport reported total net assets of \$44,787,802, a \$1,833,249 increase from last year.

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

CAPITAL ASSETS

The Village's total investment in capital assets for its governmental and business-type activities on December 31, 2006, was \$46,904,976 and \$38,540,919 (net of accumulated depreciation) respectively.

The investment in governmental capital assets includes land, buildings and improvements, vehicles, equipment, furniture and infrastructure. The net assets from governmental activities resulted in a net decrease of \$503,736, primarily due to the aging of the capital equipment.

The investment in business-type activities capital assets includes land, infrastructure, vehicles and other equipment related to Water and Sewer fund operations sets in the water and sewerage. The net assets from the business-type activities increased by \$1,934,296, net of retirements, as a result of additional capital spending related to waterworks and sewerage infrastructure. This amount increased primarily due to the developer donations related to the River Mill Crossing Subdivision (\$861,471) and the water main replacement (\$1,480,951) project as part of the Village's capital water system improvement program. Detailed information regarding the change in capital assets for governmental and business-type activities is included in the notes to the financial statements on pages 32-33.

DEBT OUTSTANDING

At the end of the fiscal year 2006, the Village had six general obligation bond series and one tax increment revenue bond series while business-type activities had two general obligation bond series.

During the year the Village retired \$1,880,000 of general bond principal reducing total outstanding general government bonded debt to \$18,582,906. Repayment of \$19,000,000 in tax increment financing revenue bonds and \$5,140,000 in general obligation sales tax bonds issued in September of 2005 is scheduled to begin in 2007. The Water Works and Sewerage fund made payments of \$405,000, reducing the business type general obligation outstanding balance to \$2,830,000

Total	37,582,906	39,412,308	2,830,000	3,235,000	40,412,906	42,647,308

The Village, under its home rule authority, does not have a legal debt limit. On January 23, 2003, Fitch Ratings upgraded the Village's bond rating to "AA+" from "AA". The "AA+" upgrade reflects the Village of Wheeling's increased economic diversification and stronger growth, reduced debt needs, and improved financial flexibility.

The Village currently has total net general obligation debt outstanding of \$21.4 million, or 1.84% of bonded debt to EAV, which is less than the average of 3% to 4% for similar size communities. The Series 1999 issue partially refunded the 1994 issue and the Series 2003 issue refunded nearly all of the Series 1995 and 1996 bonds with the property tax levy providing adequate financing for the remaining outstanding debt balance. In December of 2006, the Village made the last payment on a portion of the 2003 general Obligation bonds (which refunded bonds issued in 1995).

Additional information of the Village's long-term debt can be found in the Notes to the Financial Statements on pages 33-37.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

The Village's composition is primarily residential and multi-family housing with a strong commercial component. The Village's principal taxpayers are retail discount stores, famous restaurants and multi-family housing developments. During the last few years the Village has experienced a high rate of growth in both residential and commercial development, primarily due to the use of Tax Increment Financing (TIF).

The Village's 2007 general fund budgeted revenue is projected at \$29,541,799 which is an increase of \$1,022,743 or 3.5% over 2006 actual revenues. The significant increase in revenue is a combination of taxes, fees and interest income. The property tax revenue derived from the residential, commercial, and industrial properties continues to be stable. In 2006 state revenues, including income and use taxes were 18% above the budgeted expectations. The opening of the Westin Chicago North Shore hotel in October of 2005 created additional tax revenue for the Village. Food and Beverage tax revenue was \$497,079 higher than in 2005. Hotel and motel tax revenue increased from \$50,450 in 2005 to \$181,359 in 2006. All village funds enjoyed higher than expected investment income, well above the budget expectations and last years actual, resulting in \$1,811,863 additional revenue for the Village. Sales tax revenue exceeded budget expectations by 17% and \$2,655,242 or 25.47% above last year's actual revenue.

State & Home Rule Sales tax remain the largest revenue source for the Village, and we anticipate that it will continue to increase primarily due to the impact of the Westin Hotel, Staples and Friday's developments in the Village. Additionally, a conservative 2.5% increase in sales tax revenue is budgeted in 2007. The fiscal year 2007 budget includes a 4.75% increase in the property tax levy. This projection is a combination of an increase to the General Fund tax levy and a decrease in the levy for the Village's general obligation debt, since the Village was able to retire a portion of the 2003 General Obligation bonds in December of 2006. State income tax revenue is

VILLAGE OF WHEELING, ILLINOIS

Management's Discussion and Analysis December 31, 2006

expected to increase in 2007 based on the projections provided by the Illinois Municipal League. Revenue from the telecommunications tax is continuing to decline since DSL service became exempt from the telecommunications tax and cellular phone companies are offering free long distance services.

The 2007 budgeted General Fund expenditures total \$29,310,131 including inter-fund transfers; this represents an increase of 9.6% over the actual 2006 expenditures and transfers. Much of the increase (47%) is due to the increasing cost of salaries, pension and health insurance benefits. Excluding those costs, the increase in the budget is 3.3%.

Fiscal year 2007 expenditures for water and sewer operations are projected at \$6,325,987 excluding a \$4,209,701 transfer to the Capital Fund for repair and replacement projects. This represents an increase of 16.3% (\$1,032,670). The budgeted 2007 revenue is projected at \$9,463,009, excluding the transfer for repair and replacement projects. This represents a combined increase of 4.2% (\$401,047) from 2006 actual results. The Water and Sewer fund budget includes a 3.75% increase in water and sewer rates. This increase is necessary to continue the Board's pro-active multiyear water and sewer main replacement program.

Other major fund expenditures that will have a significant impact on the Villages 2007 economic development are summarized below. The 2007 budget includes \$19,304,499 in TIF expenditures in the Crossroads, South Milwaukee, North Milwaukee/Lake-cook and Town Center TIF districts. The majority of these expenditures have been budgeted for land acquisition costs, development incentives and debt service on bonds related to the Westin Hotel and Prairie Park condominium projects. In addition, the budget includes \$3,846,467 for capital improvements consisting primarily of \$1,518,067 for the first year cost of the Dundee Road new intersection and entryway to the Village Hall campus and \$1,237,900 for the Wolf Road sanitary sewer rehabilitation project.

The Village's principal and interest debt payments for 2007 are budgeted at \$4,043,704. Of that amount, only \$951,760 is supported by the property tax levy; the remaining amount will be paid by existing funds in the TIF, Water and Sewer and Capital Projects Funds.

The Village's overall financial position improved in 2006 and in 2007 the Village's board has approved a surplus budget. As long as the Board continues to take a conservative approach with regard to new programs and projects, the current combination of a healthy revenue stream and managed level of expenditures will continue to ensure the Village's strong financial position.

CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, customers, investors, and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability for the money it receives. Questions concerning this report or requests for additional financial information should be directed to Michael Mondschain, Director of Finance, Village of Wheeling, 255 West Dundee Road, Illinois, 60025.

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE
GOVERNMENTAL ACTIVITIES IN THE STATEMENT OF ACTIVITIES

For the Year Ended December 31, 2006

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ (887,623)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures, however, they are capitalized and depreciated in the statement of activities	3,780,658
Depreciation expense does not require the use of current financial resources and, therefore, is not reported as an expenditure in governmental funds	(1,774,381)
Proceeds from the disposal of capital assets are recognized in governmental funds but the gain (loss) is recognized on the statement of activities	(12,027)
The repayment of the principal portion of long-term debt is reported as an expenditure when due in governmental funds but as a reduction of principal outstanding in the statement of activities	1,880,000
Bond issuance costs are shown as an expenditure in governmental funds but as an increase in deferred charges on the statement of net assets	(36,596)
Accretion of bonds is reported as interest expense on the statement of activities	(50,598)
Amortization of bond issuance costs is reported as interest expense on the statement of activities	(8,056)
The increase of accrued interest payable is shown as an increase of expense on the statement of activities	(168,952)
The increase in compensated absences payable is shown as an increase of expense on the statement of activities	(275,690)
The change in the net pension asset	(8,748)
The change in net assets of certain activities of internal service funds is in governmental funds	<u>10,544</u>
CHANGE IN NET ASSETS OF GOVERNMENTAL ACTIVITIES	<u>\$ 2,448,531</u>

See accompanying notes to financial statements.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS

December 31, 2006

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Village of Wheeling, Illinois (the Village) was incorporated in 1894. The Village provides services to the community that include police, fire, water and sewer utility, community development, street maintenance, and general services.

The accounting policies of the Village conform to accounting principles generally accepted in the United States of America, as applicable to governments (hereinafter referred to as generally accepted accounting principles (GAAP)). The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant policies:

a. Reporting Entity

The Village is a municipal corporation governed by an elected eight-member board. As defined by generally accepted accounting principles established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- 1) Appointment of a voting majority of the component unit's board and either (a) the ability to impose will by the primary government or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

Based on the above criteria, the Village does not have any component units.

b. Fund Accounting

The Village uses funds to report on its financial position and the change in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. The minimum number of funds are maintained consistent with legal and managerial requirements.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b. Fund Accounting (Continued)

Funds are classified into the following categories: governmental, proprietary, and fiduciary.

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special revenue funds), the acquisition or construction of general capital assets (capital projects funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Enterprise funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the Village (internal service funds). Pursuant to GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds*, the Village has chosen to apply all GASB pronouncements as well as those FASB pronouncements issued on or before November 30, 1989 to account for its enterprise funds.

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the Village. The Village utilizes pension trust funds which are generally used to account for assets that the Village holds in a fiduciary capacity.

c. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the Village. The effect of material inter-fund activity has been eliminated from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The Village reports the following major governmental funds:

The General Fund is the general operating fund of the Village. It is used to account for all financial resources except those required to be accounted for in another fund.

The Crossroads Redevelopment Area Fund is used to account for the redevelopment activities of the tax increment financing district located near Milwaukee Avenue and Dundee Road.

The North Milwaukee/Lake Cook Redevelopment Area Fund is used to account for the redevelopment activities of the tax increment financing district located near Milwaukee and Lake Cook Roads.

The Village reports the following major proprietary funds:

The Waterworks and Sewerage Fund is used to account for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, and improvements.

The Airport Fund is used to account for the Village's share of the Chicago Executive Airport Commission.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Government-Wide and Fund Financial Statements (Continued)

Additionally, the Village reports the following Internal Service Fund:

Internal Service Fund (Liability Insurance Fund) is used to account for accumulation of resources and costs associated with liability insurance for the Village. This fund is reported as part of the governmental activities on the government-wide financial statements as they provide services to the Village's governmental funds/activities.

The Village reports pension trust funds as fiduciary funds to account for the Police Pension Fund and Firefighters' Pension Fund.

d. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (i.e., intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues and expenses are directly attributable to the operation of the proprietary funds. Nonoperating revenue/expenses are incidental to the operations of these funds.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they become both measurable and available). Measurable means the amount of the transaction can be determined and available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period, generally 60 days except for sales taxes and telecommunication taxes which use 90 days. The Village recognizes property taxes when they become both measurable and available in the year intended to finance. Expenditures are recorded when the related fund liability is incurred. Principal and interest on general long-term debt are recorded as expenditures when due.

Property taxes, sales taxes owed to the state at year end, franchise taxes, licenses, charges for services, and investment income associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. Fines and permits revenues are not susceptible to accrual because generally they are not measurable until received in cash.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

d. Measurement Focus, Basis of Accounting, and Financial Statement Presentation
(Continued)

In applying the susceptible-to-accrual concept to intergovernmental revenues (e.g., federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidelines. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the Village; therefore revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements, such as equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The Village reports deferred/unearned revenue on its financial statements. Deferred/unearned revenues arise when a potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Deferred/unearned revenues also arise when resources are received by the government before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the liability for deferred/unearned revenue is removed from the financial statements and revenue is recognized.

e. Cash and Investments

For purposes of the statement of cash flows, the Village considers cash and cash equivalents to include cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

Investments with a maturity of one year or less when purchased and all non-negotiable certificates of deposit are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased, are reported at fair value. All investments of the pension trust funds, regardless of length of maturity, are reported at fair value. Fair value is based on published market quotes as of December 31 or contract values for insurance contracts.

f. Interfund Receivables/Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "interfund receivables/payables" (current portion of interfund loans) or "advances to/from other funds" (non-current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Interfund Receivables/Payables (Continued)

Advances are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Interfund service transactions are accounted for as revenues, expenditures, or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

g. Property Taxes

Property taxes are levied in December of each year on all taxable real property in the Village and attach as an enforceable lien on the property as of the preceding January 1. Property taxes receivable represent the balance due on the 2006 levy. Tax bills are prepared by the County and issued on or about February 1, 2007 (Cook County) and May 1, 2007 (Lake County) and are payable in two installments on or about March 1, 2007 (Cook County) and June 1, 2007 (Lake County) and on or about September 1, 2007 (both Cook and Lake Counties). The County Collector collects such taxes and remits them periodically. A reduction for collection losses, based on historical collection experience, has been provided to reduce the taxes receivable to the estimated amounts to be collected. Since the 2006 levy is intended to finance the 2007 fiscal year, the levy has been recorded as receivable and deferred revenue.

h. Inventories and Prepaid Items/Expenses

Inventories are valued at cost, which approximates market, using the first-in/first-out (FIFO) method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

Payments made to vendors for services that will benefit periods beyond the date of this report are recorded as prepaid items/expenses.

i. Land Held for Resale

Land held for resale is valued at the lower of cost or market. Reported land held for resale is equally offset by a fund balance reserve, which indicates that it does not constitute available spendable resources. The land held consists of numerous parcels, mostly within TIF Districts, that the Village owns and is holding until sold.

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

j. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost in excess of the following and an estimated useful life in excess of one year.

Asset Class	Capitalization Threshold
Land	\$ 100,000
Building and improvements	50,000
Vehicles, equipment, and furniture	10,000
Infrastructure	100,000

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Property, plant, and equipment is depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Buildings and improvements	10-45
Water and sewer distributions system	45-65
Vehicles, equipment, and furniture	5-30
Infrastructure	15-40

k. Compensated Absences

Vested or accumulated vacation leave that is owed to retirees or terminated employees is reported as an expenditure and a fund liability of the governmental fund that will pay it in the fund financial statements. Vested or accumulated vacation leave of proprietary funds and governmental activities is recorded as an expense and liability as the benefits accrue to employees.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

k. Compensated Absences (Continued)

Sick Leave: A sick leave deferred payment account (SLDPA) is offered to eligible employees upon retirement. A SLDPA is a method of allowing eligible employees to utilize a portion of accrued but unused sick time hours towards the payment of the employee's portion of the monthly premium of a village group medical insurance plan, if the employee, upon retirement chooses the conversion privilege of the Village's group medical insurance plan. In order to be eligible to establish a SLDPA, the employee must:

- have retired in good standing; and
- have at least twenty years of continuous service with the Village immediately prior to retirement or have at least ten years of continuous service with the Village immediately prior to retirement and have attained the age of sixty by the date of retirement; and
- have been continuously covered for at least twelve months immediately prior to retirement under the Village's medical insurance plan and in full compliance with all plan provisions; and
- have at least 675 hours of accrued but unused sick time (1,000 hours for the fire union).

The SLDPA is calculated by using the employee's final hourly wage multiplied by the number of accrued but unused sick time hours in excess of 675 (1,000 hours for the fire union) sick time hours accrued but unused. The maximum number of accrued but unused sick time hours that may be used within the SLDPA is 536 hours (720 hours for the fire union). Other accumulated unpaid sick leave is not paid to an employee in the event of termination; thus, no liability is recorded for those nonvested benefits.

l. Long-Term Obligations

In the government-wide financial statements, and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund financial statements. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

l. Long-Term Obligations (Continued)

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

m. Fund Balance/Net Assets

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change. In the government-wide financial statements, restricted net assets are legally restricted by outside parties for a specific purpose. None of the Village's net assets are restricted as a result of enabling legislation adopted by the Village. Invested in capital assets, net of related debt, represents the Village's investments in the book value of capital assets, less any outstanding debt that was issued to construct or acquire the capital asset.

2. DEPOSITS AND INVESTMENTS

a. Village Investments

The Village's investment policy authorizes the Village to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and the Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value). The Village's investment policy does limit their deposits to financial institutions that are members of the FDIC system and are capable of posting collateral for amounts in excess of FDIC insurance. Additionally, the Village will not invest in any institution in which the Village's funds on deposit are in excess of 50% of the institution's capital stock and surplus.

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

a. Village Investments (Continued)

It is the policy of the Village to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the daily cash flow demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, safety of principal, liquidity, and rate of return.

The Village maintains a cash and investment pool that is available for use by all funds, except the pension trust funds. In addition, investments are separately held by several of the Village's funds. The deposits and investments of the pension trust funds are held separately from those of other funds.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance, at an amount not less than 110% of the fair market value of the funds secured, with the collateral held by the Village, an independent third party or the Federal Reserve Bank of Chicago.

Investments

The following table presents the investments and maturities of the Village's debt securities as of December 31, 2006:

Investment Type	Fair Value	Investment Maturities in Years			
		Less Than 1	1-5	6-10	Greater than 10
U.S. Agency Obligations	\$ 8,514,616	\$ 1,878,454	\$ 6,636,162	\$ -	\$ -
Negotiable Certificates of Deposit	16,212,472	2,590,596	13,621,876	-	-
Illinois Metropolitan Investment Fund	4,774,776	-	4,774,776	-	-
Illinois Funds	2,471,347	2,471,347	-	-	-
TOTAL	\$ 31,973,211	\$ 6,940,397	\$ 25,032,814	\$ -	\$ -

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

a. Village Investments (Continued)

Investments (Continued)

In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for short and long-term cash flow needs while providing a reasonable rate of return based on the current market.

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing in external investment pools. Illinois Funds and the Illinois Metropolitan Investment Fund are both rated AAA. The U.S. Agency Obligations are all unrated. The negotiable certificates of deposit, for those rated, range in ratings from A+ to BB-, but are covered by FDIC insurance.

Illinois Funds is an investment pool managed by the State of Illinois, Office of the Treasurer, which allows governments within the State to pool their funds for investment purposes. Illinois Funds is not registered with the SEC as an investment company, but does operate in a manner consistent with Rule 2a7 of the Investment Company Act of 1940. Investments in Illinois Funds are valued at Illinois Fund's share price, the price for which the investment could be sold.

Illinois Metropolitan Investment Fund (IMET) is a not-for-profit investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. IMET is not registered with the SEC as an investment company. Investments in IMET are valued at IMET's share price, the price for which the investment could be sold.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment basis with the underlying investments held in a custodial account with the trust department of an approved financial institution. Illinois Funds and the Illinois Metropolitan Investment Fund are not subject to custodial credit risk.

Concentration of credit risk is the risk that the Village has a high percentage of their investments invested in one type of investment. At December 31, 2006, the Village had greater than five percent of its overall portfolio invested in U.S. Agency Obligations and Negotiable Certificates of Deposit. The Village's investment policy requires diversification of investment to avoid unreasonable risk but has no set percentage limits. Therefore, the Village is in compliance with its investment policy.

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

2. DEPOSITS AND INVESTMENTS (Continued)

b. Police Pension Investments

The Police Pension Fund's investment policy authorizes the Police Pension Fund to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, interest bearing obligations of the U.S. Treasury and U.S. Agencies, interest bearing bonds of the State of Illinois or any county, township or municipal corporation of the State of Illinois, direct obligations of the State of Israel, money market mutual funds whose investments consist of obligations of the U.S. Treasury or U.S. Agencies, separate accounts managed by life insurance companies, Mutual Funds, common and preferred stock and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

It is the policy of the Police Pension Fund to invest its funds in a manner which will provide the highest investment return with the maximum security while meeting the cash flow demands of the Police Pension Fund and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objectives of the policy are, in order of priority, safety of principal, rate of return, public trust and liquidity.

Deposits with Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Police Pension Fund's deposits may not be returned to it.

The Police Pension Fund policy does not require collateralization. However, all deposits at December 31, 2006 are covered by Federal Depository Insurance.

Investments

The following table presents the investments and maturities of the Police Pension Fund's debt securities as of December 31, 2006:

Investment Type	Fair Value	Investment Maturities in Years			
		Less Than 1	1-5	6-10	Greater than 10
U.S. Treasury Obligations	\$ 9,761,087	\$ -	\$ 3,669,362	\$ 4,879,709	\$ 1,212,016

2. DEPOSITS AND INVESTMENTS (Continued)

b. Police Pension Investments (Continued)

Investments (Continued)

In accordance with its investment policy, the Police Pension Fund limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for all reasonably anticipated operating requirements while providing a reasonable rate of return based on the current market.

The Police Pension Fund limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by primarily investing U.S. Treasury Obligations and other Obligations which are rated in the top three classes by a national rating agency. Illinois Funds, the Illinois Metropolitan Investment Fund, and the Money Market Mutual Funds are not rated. The U.S. Agency Obligations, for those rated, range in rating from AAA to not rated.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to the investment, the Police Pension Fund will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Police Pension Fund's investment policy requires all security transactions that are exposed to custodial credit risk to be held in a trust department through book-entry at the Depository Trust Company with an approved written agreement.

Concentration of credit risk is the risk that the Police Pension Fund has a high percentage of their investments invested in one type of investment. The Police Pension Fund's investment policy requires diversification of investment to avoid unreasonable risk. All investments should be in a range of 0 - 45%. All investments fall within their acceptable ranges at December 31, 2006. At December 31, 2006, the Police Pension Fund had greater than five percent of its overall portfolio invested in U.S. Agency Obligations which is in accordance with the Police Pension Fund's investment policy.

c. Firefighters' Pension Investments

The Firefighters' Pension Fund's investment policy authorizes the Firefighters' Pension Fund to invest in all investments allowed by Illinois Compiled Statutes. These include deposits/investments in insured commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, insured credit union shares, money market mutual funds with portfolios of securities issued or guaranteed by the United States or agreements to repurchase these same obligations, repurchase agreements, short-term commercial paper rated within the three highest classifications by at least two standard rating services and Illinois Funds (created by the Illinois State Legislature under the control of the State Comptroller that maintains a \$1 per share value which is equal to the participants fair value).

4. CAPITAL ASSETS (Continued)

Beginning net assets for governmental activities were reduced by \$73,801 to record capital assets in accordance with the Village's capitalization threshold.

Depreciation expense was charged to functions/programs of the primary government as follows:

GOVERNMENTAL ACTIVITIES

General government	\$ 258,853
Public safety	294,588
Highways and streets	<u>1,220,940</u>

TOTAL DEPRECIATION EXPENSE - GOVERNMENTAL ACTIVITIES \$ 1,774,381

5. LONG-TERM DEBT

a. General Obligation Bonds

The Village issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the Village.

b. Changes in General Long-Term Debt

A summary of changes in long-term debt of the Village for the year ended December 31, 2006 is as follows:

Issue	Fund Debt Retired By	Balances January 1	Accretion/ Additions	Reductions	Balances December 31	Current
General Obligation Bond, Series 1999A (dated June 15, 1999; maturing December 15, 2009; original issue \$3,000,000; interest rates 4.25% - 4.35%; principal payable annually on December 15).	Debt Service	\$ 1,375,000	\$ -	\$ 325,000	\$ 1,050,000	\$ 335,000
General Obligation Bond, Series 2001 (dated June 15, 2001; maturing December 15, 2012; original issue \$3,000,000; interest rates 4.25% - 4.45%; principal payable annually on December 15).	Debt Service	2,000,000	-	300,000	1,700,000	310,000

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

5. LONG-TERM DEBT (Continued)

g. Airport Revenue Notes

On December 27, 2006, the Village issued \$4,700,000 Airport Revenue Notes, Series 2006. These notes are special, limited obligations payable solely from the Chicago Executive Airport Commission revenues and do not constitute an indebtedness of the Village. (See also Note #10c which does not include these Notes as they were issued subsequent to the most recent audited financial statements of the Commission). Accordingly, these notes are not reported as a liability in the Village's financial statements. As of December 31, 2006, \$4,700,000 of the Airport Revenue Notes, Series 2006 are outstanding.

6. RISK MANAGEMENT

The Village is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; illnesses of employees; and natural disasters.

Beginning January 1, 2000, the Village self-insured for general liability, property, and workers' compensation claims and established a risk financing fund (Liability Insurance Fund) (the Fund) for these risks. It is accounted for as an internal service fund where assets are set aside for claim settlements. For 2005 and 2006, the Village is responsible for the first \$50,000 of each property claim and \$100,000 for each liability claim. In addition, for 2005, the Village covers the first \$350,000 of each workers' compensation claim, up to an aggregate (for all claims) of \$750,000. For 2006, the Village covers the first \$400,000 of each workers' compensation claim, up to an aggregate (for all claims) of \$800,058. The Village purchases commercial insurance for claims in excess of the coverages provided by the Fund. Settled claims did not exceed the Fund's coverage, and the commercial coverage was not exceeded in the past three fiscal years.

All funds of the Village participate and make payments to the Fund based upon estimates of the amounts needed to pay prior and current-year claims. Liabilities of the Fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts, and other economic and societal factors. Changes in the balances of claims liabilities during the years ended December 31, 2006 and 2005 are as follows:

	2006	2005
UNPAID CLAIMS - BEGINNING OF YEAR	\$ 875,174	\$ 345,609
Incurred claims (including IBNR)	804,180	1,121,993
Claims payments	(658,226)	(592,428)
UNPAID CLAIMS - END OF YEAR	<u>\$ 1,021,128</u>	<u>\$ 875,174</u>

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

6. RISK MANAGEMENT (Continued)

Intergovernmental Personnel Benefit Cooperative (IPBC)

The Village participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental, and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental, and nonprofit public service entities. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers: a Benefit Administrator and a Treasurer. The Village does not exercise any control over the activities of IPBC beyond its representation on the Board of Directors.

IPBC acts as an administrative agency to receive, process, and pay such claims as may come within the benefit program of each member. Through the IPBC, the Village offers both a PPO plan and an HMO plan. For those employees enrolled in the PPO plan, the Village is responsible for the first \$25,000 in claims for each individual employee participant every claim year. The members of IPBC share claims (for each individual employee) between \$25,000 and \$125,000. IPBC maintains stop-loss insurance to cover claims in excess of \$125,000. Approximately 56% of the Village's employees and retirees are PPO participants.

The HMO plan is also self-insured through a special arrangement. Members of IPBC pay for fixed costs of capitation and administration and then fund for claims not covered under the capitation fee. This plan is fully pooled and the Village is not individually rated based on claims experience. All members of the IPBC pay the same rates based on plan design choices. Approximately 43% of the Village's employees and retirees are HMO participants. Approximately 1% of the Village's employees and retirees are not enrolled in either plan.

The Village makes payments to IPBC monthly based on its participation in the plan. The rates per individual participant are determined annually based on each member's prior experience within the pool and projected future claims. This rate also includes a provision for the cost of excess insurance purchased by IPBC. The Village also makes monthly payments to IPBC for administration of the plan. The Village had terminal reserve balances held for run out claims at IPBC on June 30, 2006 of \$1,540,224. However, this is not recorded as an asset on the financial statements in accordance with GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

7. CONTINGENT LIABILITIES

a. Litigation

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the Village's attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the Village.

b. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, constitute a liability of the applicable funds. The amount, if any, of expenditures that may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

c. Chicago Executive Airport Commission (CEAC)

The Village's contract with the Chicago Executive Airport Commission provides that each member is liable for its proportional share of any costs arising from defaults in payment obligations by other members.

e. Northwest Water Commission (NWWC)

The Village's water purchase contract with the Northwest Water Commission provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

f. Solid Waste Agency of Northern Cook County (SWANCC)

The Village's contract with the Solid Waste Agency of Northern Cook County provides that each member is liable for its proportionate share of any costs arising from defaults in payment obligations by other members.

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

8. COMMITMENTS

a. Northwest Water Commission (NWWC)

The Village has committed to purchase water from the NWWC. The Village expects to pay the following minimum amounts:

<u>Fiscal Year Ending December 31,</u>	<u>Amount</u>
2007	\$ 1,750,000
2008	1,785,000
2009	1,820,700
2010	1,857,114
2011	1,894,256
2012 - 2016	10,054,941

These amounts have been calculated using the Village's current allocation percentage of 18.47%. In future years, this allocation percentage will be subject to change.

NWWC has entered into water supply agreements with four member municipalities. The agreements are irrevocable and may not be terminated or amended except as provided in the general resolution. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual quantity of water.

The obligation of the Village to make all payments as required by this agreement is unconditional and irrevocable, without regard to performance or nonperformance by NWWC of its obligations under this agreement.

b. Solid Waste Agency of Northern Cook County (SWANCC)

The Village has committed to pay its share of the annual operating costs and fixed costs of SWANCC. The Village's share of dual costs is funded through user fees collected by refuse haulers. The Village expects to pay the following amounts:

<u>Fiscal Year Ending December 31,</u>	<u>Amount</u>
2007	\$ 617,267
2008	638,871
2009	661,232
2010	684,375
2011	708,328
2012	733,120

These amounts have been calculated using the Village's allocation percentage of 4.52%. In future years, the allocation percentage will be subject to change.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. JOINT VENTURES

a. Solid Waste Agency of Northern Cook County (SWANCC)

The Village is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of twenty-three municipalities. SWANCC is a municipal corporation and public body politic and corporate established pursuant to the Intergovernmental Cooperation Act of the State of Illinois. SWANCC is empowered to plan, construct, finance, operate, and maintain a solid waste disposal system to serve its members.

SWANCC is governed by a board of directors which consists of the mayor or president from each member municipality. Each director has an equal vote. The officers of SWANCC are appointed by the board of directors. The board of directors determines the general policy of SWANCC, makes all appropriations, approves contracts, provides for the issuance of debt, adopts by-laws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the agency agreement or the by-laws.

Complete financial statements can be obtained from the Solid Waste Agency of Northern Cook County administrative office at 1616 East Golf Road, Des Plaines, Illinois 60016.

SWANCC's outstanding bonds are revenue obligations. They are limited obligations of SWANCC with a claim for payment solely from and secured by a pledge of the revenues of the system and amounts in various funds and accounts established by SWANCC resolutions. The bonds are not the debt of any member. SWANCC has no power to levy taxes.

Revenues of the system consist of (1) all receipts derived from solid waste disposal contracts or any other contracts for the disposal of waste; (2) all income derived from the investment of monies; and (3) all income, fees, service charges and all grants, rents and receipts derived by SWANCC from the ownership and operation of the system. SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

SWANCC has entered into solid waste disposal contracts with the member municipalities. The contracts are irrevocable and may not be terminated or amended except as provided for in the contract. Each member is obligated, on a "take or pay" basis, to deliver a minimum amount of solid waste to the system. The obligation of the Village to make all payments as required by this contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under the contract. The contract does not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. JOINT VENTURES (Continued)

a. Solid Waste Agency of Northern Cook County (SWANCC) (Continued)

In accordance with the contract, the Village made payments totaling \$726,559 to SWANCC for the year ended December 31, 2006. The payments have been recorded in the General Fund. The Village does not have an equity interest in SWANCC at December 31, 2006.

b. Northwest Water Commission (NWWC)

Description of Joint Venture

The Village is a member of the Northwest Water Commission (NWWC) which consists of four municipalities. NWWC is a municipal corporation and public body politic and corporate established pursuant to the Intergovernmental Cooperation Act of the State of Illinois. NWWC is empowered to plan, construct, improve, extend, acquire, finance, operate, and maintain a water supply system to serve its members and other potential water purchasers.

NWWC is governed by a board of commissioners which consist of one appointed representative from each member municipality. Each commissioner has an equal vote. The officers of NWWC are appointed by the board of commissioners. The board of commissioners determines the general policy of NWWC, makes all appropriations, approves contracts for sale or purchase of water, provides for the issuance of debt, adopts by-laws, rules and regulations, and exercises such powers and performs such duties as may be prescribed in the agency agreement or the by-laws.

Complete financial statements can be obtained from the Northwest Water Commission, 1525 North Wolf Road, Des Plaines, Illinois 60016.

Revenues of the system consist of (1) all receipts derived from the Water Supply Agreements or any other contract for the supply of water; (2) all income derived from the investment of monies; and (3) all income, fees, water service charges and all grants, rents and receipts derived by NWWC from the ownership and operation of the system and the sale of water. NWWC covenants to establish fees and charges sufficient to provide revenues to meet all its obligations.

NWWC has entered into water supply agreements with the four member municipalities for a term of forty years, extending to 2022. The agreements are irrevocable and may not be terminated or amended except as provided for in the General Resolution. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual quantity of water.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

9. JOINT VENTURES (Continued)

b. Northwest Water Commission (NWWC) (Continued)

Description of Joint Venture (Continued)

NWWC has entered into an agreement with the City of Evanston under which the City has agreed to sell quantities of Lake Michigan water sufficient to meet the projected water needs of the members through the year 2020.

The obligation of the Village to make payments required by this agreement is payable from the Village's Water and Sewer Fund.

In accordance with the joint venture agreement, the Village remitted \$1,571,459 to NWWC for the year ended December 31, 2006. The Village has an equity interest in NWWC in the amount of \$7,027,741 as of December 31, 2006.

c. Chicago Executive Airport Commission (CEAC)

Description of Joint Venture

The Village is a member of the Chicago Executive Airport Commission, a proprietary joint venture, which consists of two municipalities. CEAC is a joint airport commission established pursuant to the Constitution of the State of Illinois and the Intergovernmental Cooperation Act of the State of Illinois, as amended (the Act). CEAC is empowered under the Act to acquire, organize, operate, and maintain an airport to serve its members and other potential airport customers. CEAC is an intergovernmental cooperative created under Illinois law to allow the City of Prospect Heights, Illinois and the Village (collectively referred to as member municipalities) joint ownership and administration of the airport.

The member municipalities have entered into agreements with the Federal Aviation Administration of the United States of America and the State of Illinois to sponsor projects for the acquisition and development of the airport. Although assets are legally held in the name of the member municipalities, such assets are recorded in CEAC's financial statements to present the overall financial position and operations of the airport. Airport revenues are solely restricted to funding airport development and airport maintenance expenses. The duration of CEAC shall be for the term of 20 years or the useful life of the airport, whichever is longer, unless sooner terminated and dissolved by mutual agreement of the member municipalities or by operation of law.

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

9. JOINT VENTURES (Continued)

c. Chicago Executive Airport Commission (CEAC) (Continued)

Description of Joint Venture (Continued)

The two members of CEAC and their percentage shares as of the date of this report are:

	<u>Percent Share</u>
City of Prospect Heights	50%
Village of Wheeling	<u>50%</u>
TOTAL	<u>100%</u>

CEAC is governed by a Board of Commissioners, which consists of eight commissioners, four from each member municipality. Each Commissioner has an equal vote. The officers of CEAC are appointed by the Board of Commissioners. The member municipalities jointly determine the general policy of CEAC; make all appropriations; approve contracts in excess of \$10,000; adopt resolutions providing for the issuance of Bonds or notes by CEAC; adopt bylaws and rules and regulations; and exercise such powers and perform such duties as may be prescribed in the commission agreement of the bylaws. The Board of Commissioners acts primarily in a "management" capacity.

Summary of Financial Information of Joint Venture

Summary of financial position as of April 30, 2006, the most recent information available:

c. Interfund Transfers (Continued)

- \$2,640,000 transferred to the North Milwaukee/Lake Cook Redevelopment Area from the Crossroads Development Area for bond payments related to the Westin Hotel Development Bonds. This transfer will not be repaid.
- \$60,236 transferred to the Capital Equipment Replacement Fund from the Emergency Telephone System Fund for equipment purchases. This transfer will not be repaid.

d. Deficit Fund Balance/Net Assets

The following funds had deficit fund balance/net assets at December 31, 2006:

Fund	Balance
Town Center TIF	\$ 122,099

11. OTHER POSTEMPLOYMENT BENEFITS

The postemployment benefit provisions for sworn police, records clerks, radio operators, firefighters, and public works non-supervisory employees are negotiated and stipulated in their applicable contract. The benefits for all other employees are included in the Village's personal policy manual.

To qualify for Village paid health insurance benefits, a retiree must have eight or more years of continuous employment with the Village immediately prior to retirement, have attained the minimum retirement age to receive payments from their applicable pensions, and must be receiving a pension payment. Currently 70 retirees meet those eligibility requirements. The Village pays for a portion or all of the cost of the retiree's health insurance premiums depending on which of the following circumstances apply:

- The Village pays 93.5% of the health insurance premiums for all sworn police officers, records clerks, and radio operators hired before August 15, 1981 and retired after August 7, 1995.
- The Village pays 100% of the health insurance premiums for all sworn police officers, records clerks, and radio operators who were hired before August 15, 1981 and retired before August 7, 1995.
- The Village pays 100% of the health insurance premiums for all non-union employees, sworn firefighters, and public works union employees hired before August 15, 1981.

VILLAGE OF WHEELING, ILLINOIS
NOTES TO FINANCIAL STATEMENTS (Continued)

11. OTHER POSTEMPLOYMENT BENEFITS (Continued)

Eligible retirees of all employee groups, with the exception of public works employees covered under contract, receive \$10,000 of life insurance until they reach age 60. Public works employees covered under contract are not provided with life insurance at retirement. The Village contributes 100% of the cost of the life insurance premiums for all eligible retirees.

The cost of retiree health care and life insurance benefits is recognized as an expenditure as premiums are paid. For the year ended December 31, 2006, the cost totaled \$387,317.

12. TERMINATION BENEFITS

On May 29, 2001, the Village adopted Resolution 01-120, adopting an Early Retirement Incentive Program Offered by the Illinois Municipal Retirement Fund (IMRF). Eligible employees were required to enter into an irrevocable pledge to retire by July 1, 2001. For an employee to be eligible to retire under this plan, the employee must have attained age fifty and have at least twenty years of creditable service by his or her retirement date. Seven employees of the Village accepted the early retirement agreement. Under the agreement, the Village and the employee were required to contribute an additional five years of contributions to the plan giving the individuals additional creditable service for these five years. The Village has amortized its additional contributions over a ten year period with interest charged annually on the remaining balance at 7.5%. These additional contributions are made through regular monthly contributions to IMRF. As of June 30, 2006 (most recent information available), the Village's remaining contributions due under the program were \$610,961. In accordance with GASB Statement 47, this amount is not reported as a liability on the Village's financial statements and is recorded through their IMRF plan under the rules prescribed in GASB Statement 27. The change in the actuarially accrued liability due to the early retirement incentive is not available from IMRF.

13. DEFINED BENEFIT PENSION PLANS

a. Plan Descriptions

Illinois Municipal Retirement Fund

The Village contributes to the Illinois Municipal Retirement Fund (IMRF), a defined benefit agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local governments and school districts in Illinois. IMRF issues a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523.

VILLAGE OF WHEELING, ILLINOIS
 NOTES TO FINANCIAL STATEMENTS (Continued)

13. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Illinois Municipal Retirement Fund (Continued)

All employees (other than those covered by the Police or Firefighters' plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members. Pension benefits vest after eight years of service. Participating members who retire at or after age 60 with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years, and 2% for each year thereafter.

IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute. Participating members are required to contribute 4.5% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund the IMRF as specified by statute. The employer contribution for the year ended December 31, 2006 was 11.92% of covered payroll.

Police Pension Plan

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the Police Pension Plan as a pension trust fund. The Police Pension Plan issues a separate report on the pension plan. This report can be obtained from the Village, 255 West Dundee Road, Wheeling, Illinois 60090. At December 31, 2006 the Police Pension Plan membership consisted of:

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them	31
Current employees	
Vested	46
Nonvested	19
	<hr/>
TOTAL	<hr/> 96 <hr/>

13. DEFINED BENEFIT PENSION PLANS (Continued)

a. Plan Descriptions (Continued)

Police Pension Plan (Continued)

The Police Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75.00% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3.00% of the original pension and 3.00% compounded annually thereafter.

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. Contributions are recognized when due pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Police Pension Plan. The costs of administering the Police Pension Plan are financed through investment earnings. The Village is required to contribute the remaining amounts necessary to finance the Police Pension Plan as actuarially determined by an enrolled actuary. Effective July 1, 1993, the Village has until the year 2033 to fully fund the past service costs for the Police Pension Plan. For the year ended December 31, 2006, the Village's contribution was 15.88% of covered payroll.

Firefighters' Pension Plan

Fire sworn personnel are covered by the Firefighters' Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-1) and may be amended only by the Illinois legislature. The Village accounts for the Firefighters' Pension Plan as a pension trust fund. The Firefighters' Pension Plan issues a separate report on the pension plan. This report can be obtained from the Village, 255 West Dundee Road, Wheeling, Illinois 60090. At December 31, 2006, the Firefighters' Pension Plan membership consisted of:

Firefighters' Pension Plan (Continued)

Retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits but not yet receiving them	26
Current employees	
Vested	22
Nonvested	29
	<hr/>
TOTAL	<u>77</u>

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Covered employees attaining the age of 50 or more with 20 or more years of creditable service are entitled to receive an annual retirement benefit of one-half of the monthly salary attached to the rank held in the fire service at the date of retirement. The monthly pension shall be increased by 1/12 of 2.50% of such monthly salary for each additional month over 20 years of service through 30 years of service to a maximum of 75.00% of such monthly salary. Employees with at least ten years but less than 20 years of credited service may retire at or after age 60 and receive a reduced retirement benefit. The monthly pension of a covered employee who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and paid upon reaching the age of at least 55 by 3.00% of the original pension and 3.00% compounded annually thereafter.

Covered employees are required to contribute 8.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. Contributions are recognized when due pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Firefighters' Pension Plan. The costs of administering the Firefighters' Pension Plan are financed through investment earnings. The Village is required to finance the Firefighters' Pension Plan as actuarially determined by an enrolled actuary. Effective July 1, 1993, the Village has until the year 2033 to fully fund the past services costs for the Firefighters' Pension Plan. For the year ended December 31, 2006, the Village's contribution was 8.76% of covered payroll.

VILLAGE OF WHEELING, ILLINOIS

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

December 31, 2006

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. Annual appropriated budgets are adopted (at the fund level) for the General, Special Revenue, Debt Service, Capital Projects, Waterworks and Sewerage (Enterprise), Liability Insurance (Internal Service), and Pension Trust Funds. The annual appropriated budget is legally enacted and provides for a legal level of control at the fund level. All annual appropriations lapse at fiscal year end.

All departments of the Village submit requests for appropriation to the Village Manager so that a budget may be prepared. The budget is prepared by fund and includes information on the past year, current year estimates, and requested appropriations for the next year. The proposed budget is presented to the governing body for review. The governing body holds public hearings and may add to, subtract from, or change appropriations, but may not change the form of the budget. The budget may only be amended by the governing body. Expenditures may not legally exceed budgeted appropriations at the fund level. During the year, several supplementary appropriations were necessary.

The following funds had an excess of actual expenditures over budget for the fiscal year:

<u>Fund</u>	<u>Excess</u>
Debt Service	\$ 50
South Milwaukee Redevelopment Area	60,272
Town Center TIF	1,126,085

Major Governmental Funds

MAJOR GOVERNMENTAL FUNDS

GENERAL FUND

The General Fund is used to account for resources traditionally associated with government that are not required legally or by sound financial management to be accounted for in another fund. The fund accounts for all revenues and expenditures in the following operating departments:

- Finance and Administrative Services
- Economic Development
- Municipal Building and Maintenance
- Municipal Vehicle Maintenance
- Community Development
- Senior Citizens Services
- Engineering
- Public Works Administration
- Police Department
- Fire Department

CAPITAL PROJECTS FUNDS

Crossroads Redevelopment Area Fund

This fund is used to account for the redevelopment activities of the tax increment financing district located near Milwaukee Avenue and Dundee Road.

North Milwaukee/Lake Cook Redevelopment Area Fund

This fund is used to account for the redevelopment activities of the tax increment financing district located near North Milwaukee Road.

Nonmajor Governmental Funds

NONMAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUNDS

Motor Fuel Tax Fund

Financing is provided by revenues received by the state from the sale of motor fuel. Funds are utilized for street maintenance and replacement.

Emergency Telephone System Fund

Financing is provided by an E911 telephone surcharge. Funds are utilized for products and services necessary for the implementation, upgrade, and maintenance of the emergency telephone system.

Grant Fund

This fund accounts for the proceeds from various state and federal grants awarded to the Village. The grant proceeds are used to fund programs authorized by the issuing agency. Since most grants are on a different fiscal year than the Village, each grant is assigned a unique project number which allows the Village to account for all revenue and expenditures for a particular grant on a multi-year basis. Currently the Grant Fund is used to account for two federal grants awarded to the Wheeling Police Department. The first is the TLEP overtime grant and the second is the Vision Air Software grant.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of resources for the payment of general obligation bond principal and interest.

CAPITAL PROJECTS FUNDS

South Milwaukee Redevelopment Area Fund

This fund is used to account for the redevelopment activities of the tax increment financing district located near South Milwaukee Road.

Town Center TIF Fund

This fund is used to account for the redevelopment activities of the tax increment financing district for the area surrounding Wheeling Metra Station, including portions of Dundee Road and areas north of Dundee Road. The Village received a grant from the Regional Transportation Authority (RTA) to conduct this study. The Village wants the area around the Metra Station to be a focal point of the community.

NONMAJOR GOVERNMENTAL FUNDS (Continued)

CAPITAL PROJECTS FUNDS (Continued)

Capital Equipment Replacement Fund

This fund accounts for operating transfers and advances from other funds used to purchase equipment to be utilized by those funds.

Capital Projects Fund

This fund accounts for the bond proceeds of the General Obligation Bond Series of 2003 and municipal gas and electric tax proceeds. The proceeds are used to fund infrastructure and noninfrastructure needs including public streets, sidewalks, building improvements, etc.

MAJOR PROPRIETARY FUNDS

ENTERPRISE FUNDS

Enterprise Funds are established to account for the financing of self-supporting activities of the Village that render services on a user-charge basis.

Waterworks and Sewerage Fund

This fund is used to account for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, and improvements.

INTERNAL SERVICE FUND

Liability Insurance Fund

This fund is used to account for accumulation of resources and costs associated with liability insurance for the Village.

STATISTICAL SECTION

This part of the Village of Wheeling, Illinois' statistical comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.	123-127
Revenue Capacity These schedules contain information to help the reader assess the Village's most significant local revenue source, the sales tax.	128-133
Debt Capacity These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.	134-138
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.	139
Operating Information These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs.	140-141

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Village of Wheeling, Illinois implemented GASB Statement 34 in 2003; schedules presenting government-wide information include information beginning in that year.

VILLAGE OF WHEELING, ILLINOIS
SCHEDULE OF LEGAL DEBT MARGIN

December 31, 2005

The Village is a home rule municipality.

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 50,000 an aggregate of one per cent:...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the General Assembly has set no limits for home rule municipalities.
